Sarah (President)

- MCR is considering pulling out of the joint proposal because it is too political. Approve of a 7% rise this year and pursue a guarantee for next year. Nb, we had a similar guarantee 2 years ago. The MCR President is still supportive of the proposal, so Sarah will still try to keep them on board.
- Alternatively, rent bursary through Friends of Peterhouse. However, it is from September 2026 onwards.
- Without the MCR, we can still pursue a JCR rent decrease proposal, even if it is for a 5% increase (still more than 4% but less than 7% and is on par with the highest other colleges have increased their rent).
- Keane: We should still pursue something, even if it is only the rent bursary through FoPs. Furthermore, we should also pursue support from the SU about what we should do next.
